At Golden Days Pet Services™ it's important to me that all of the dogs that stay in my home feel like they are at home, whether they're boarding for a few days or staying for two or three weeks. Equally important is that all my clients be treated as friends and that they feel comfortable with the personal attention and care provide to their pets.

As your dog's host, we give your dog the same special attention that we give our dogs... actually probably a bit better. They are guests after all and guests are special! Your dog will benefit from constant human and canine companionship. This is a 24-hour x 7 day a week focus and passion, where dogs get all the attention. After all, it's their vacation! We have cared for puppies, adults, and seniors, including giving extra special attention to their dietary, hygiene, and medical needs.

What's a vacation without pictures? Our doggy guests are the center of attention so complimentary digital pictures of your furry friend's vacation adventures are included with overnight stays.

IMPORTANT POLICIES & REMINDERS

Pets not picked up prior to closing time will be considered overnight guests and be charged an additional night's boarding.

For security reasons and to comply with community association guidelines, we regret we cannot accommodate check-ins and check-outs during non-business hours. We care for pet guests 24 hours a day, 365 days a year but pets may only be checked-in or out during our published hours of operation which are from 8:00 AM to 8:00 PM.

If you would like to check your dog out after 8:00 pm we do offer a pet taxi service, we call it the Woof Wagon, and your dog can be brought to your home upon your return. Please note that if you request a check-out after 8:00 pm, in addition to the Woof Wagon service fee, an after-hours fee would also apply. Availability is very limited and reservations are required. Please inquire for rates and availability.

Intact Dogs

A female in heat tends to stress out the boys, so she will stay in her own little Princess area, and not interact with the other dogs. A little extra clean up is a must, so an extra \$35 will be added to the per night rate.

Females 9 Months or older not spayed, but not in heat, add \$10 per night.

Males 9 Months or older not Neutered i.e Intact Males. These boys have a lot of extra mojo, so they will have a little extra special time. They will be on a different schedule than our regular guests and will minimal to no interaction with the host dogs or any other guest dogs. An additional \$10 per night will be charge which can, in some cases, go as high as \$25 per night depending on the behavior of the dog once boarded.
